* Really engaged the class with the pictures presented, props (dog), actions
 * Great connection between emotions and animals (ex. what made this dog scared, what makes you scared?) → very good helps students understand that animals are similar to us! (ex. speak just in a different way!)

* Provided students with really valuable and practical information.
 * Students were participatory, understood the information well presented

* Thank you so much Monsieur Palombo. I appreciate you taking the time to present to our classes! I even learned lots!
